As of January 1, 2001, pursuant to Act no. 491, P.A. 1988 (amended by act 209, P.A. of 2000), to obtain a marriage certificate in Michigan, marriage applicants must receive from the county clerk written educational materials regarding prenatal care and the transmission and prevention of venereal disease and HIV infection, as well as information on the availability of tests for these diseases. The blood test is no longer required and the pre-marital counseling is no longer required.

Persons living in Michigan must apply in the county in which they reside, and the ceremony may be performed anywhere within Michigan. If the applicants live in separate Michigan counties, they may apply in either county.

Persons living out of state must apply in the county in which the ceremony is to be performed. The county clerk may mail the educational materials and an application to persons out of state. Applicants' family members may also obtain these materials from the county clerk to be forwarded to persons out of state. Applicants would then be required to mark the appropriate box on the application, showing that they did receive the educational materials. Both applicants would have to sign the application in front of a notary public. The application must be received by the county clerk's office at least 3 days and *not more than 33 days prior to the marriage ceremony*.

Applicants who are not yet 18 years of age must bring a parent or legal guardian to sign a parental consent form to authorize issuance of the license. As proof of age, the party to the intended marriage, in addition to the statement of age in the application, when requested by the county clerk, shall submit a birth certificate or other proof of age.
